248-299-0525 phone | 248-299-0528 fax

**AUTOMATIONS SOLUTIONS PROVIDER**

Providing a comprehensive range of industrial automation solutions are in the areas of robotics and 3D machine vision.

Leaders in tip dressing and tip changing technologies

Pneumatic, Fluid Control, Fine System, and Labor-Saving Components

Vacuum Handling Solutions

One Step Ahead Connection Technology

Overhead Lifting Solutions

Robotic Dress Packs System Components

Weldsaver® • GM Blanketed Flow Meters Control Valves • Flow Switches Vortex Shedding • No Paddle Wheels Ethernet/Profinet

Autonomous Mobile Robots and Accessories

Pneumatic/Electric Power Clamps  
Pneumatic/Electric Power Pivots  
Retractable Locating Pins  
Single & Double Rods

Ultrasonic inspection devices for the fast and precise inspection of welded joints in production, especially spot welds and short weld seams

The innovative company for smart sensor and image processing technologies.
